- Due Date: August 7, 2013
- Time: 2:00 p.m. Eastern Time

Faxed or e-mailed proposals will not be evaluated. A postmark date shall not be accepted as the basis for meeting the proposal due date and time. Respondents should not interpret or otherwise construe receipt of a proposal after the due date and time as acceptance of the proposal, since the actual receipt of the proposal is a clerical function. The Departments suggest the respondent use certified or registered mail, or a delivery service such as United Parcel Service (UPS) to deliver the proposal. When hand-delivering proposals, respondents should allow extra time to comply with building security and delivery procedures.

Hand-delivered proposals must be delivered to the loading dock located on the north side of the DSS building, at 555 Capitol Avenue, on business days between 8:30 a.m. and 2:00 p.m. Upon arriving at the loading dock, the respondent or courier must ring the buzzer by the door. The Official Contact or designee will receive the proposal and provide the respondent or courier with a receipt upon request. **The Departments shall not accept hand-delivered proposals at the Security Console located on the Mezzanine.**

Proposals shall not be considered received until they are in the hands of the Official Contact or another representative of the DSS Contract Administration and Procurement Unit designated by the Official Contact. At the discretion of the Departments, late proposals may be destroyed or retained for pick-up by the submitters.

An acceptable submission must include the following:

- one (1) original proposal;
- six (6) conforming copies of the original proposal; and
- two (2) conforming electronic copies of the original proposal (one copy on each of two Compact Disks clearly labeled with the Legal Name of the respondent and **NFD RFP**).

The original proposal must carry original signatures and be clearly marked on the cover as "Original." Unsigned proposals will not be evaluated. The original proposal and each conforming copy of the proposal must be complete, properly formatted and outlined, and ready for evaluation by the Evaluation Team(s). **The electronic copies of the proposal must be compatible with Microsoft Office Word or Microsoft Office Excel.** If any of the required Appendices and Forms identified in Section IV are not compatible with Microsoft Office Word or Microsoft Office Excel, they must be scanned and submitted in Portable Document Format (PDF) or similar file format.

- 11. Multiple Proposals.** The submission of multiple proposals for one nursing facility site for the same component is not an option with this procurement. However, a respondent may submit proposals for more than one nursing facility site. Each proposal must be self-contained and packaged separately, and demonstrate the respondent's capacity to successfully complete multiple projects.
- 12. Declaration of Confidential Information.** Respondents are advised that all materials associated with this procurement are subject to the terms of the Freedom of Information Act (FOIA), the Privacy Act, and all rules, regulations, and interpretations resulting from them. If a respondent deems that certain information required by this RFP is confidential, the respondent must label such information as CONFIDENTIAL. In Section C of the proposal submission, the respondent must reference where the information labeled CONFIDENTIAL is located in the proposal. *EXAMPLE: Section G.1.a.* For each subsection so referenced, the respondent must provide a convincing explanation and rationale sufficient to justify an exemption of the information from release under the FOIA. The explanation and rationale must be stated in terms of (a) the prospective harm to the competitive position of the respondent that would result if the identified information were to be released; and (b) the reasons why the information is legally exempt from release pursuant to C.G.S. § 1-210(b).
- 13. Conflict of Interest - Disclosure Statement.** Respondents must include a disclosure statement concerning any current business relationships (within the past three (3) years) that pose a conflict of interest, as defined by C.G.S. § 1-85. A conflict of interest exists when a relationship exists between the respondent and a public official (including an elected official) or State employee that may interfere with fair competition or may be adverse to the interests of the State. The existence of a conflict of interest is not, in and of itself, evidence of wrongdoing. A conflict of interest may, however, become a legal matter if a respondent tries to influence, or succeeds in influencing, the outcome of an official decision for its personal or corporate benefit. The Departments will determine whether any disclosed conflict of interest poses a substantial advantage to the respondent over the competition, decreases the overall competitiveness of this procurement, or is not in the best interests of the State. In the absence of any conflict of interest, a respondent must affirm such in the disclosure statement: "*[name of respondent] has no current business relationship (within the past three (3) years) that poses a conflict of interest, as defined by C.G.S. § 1-85.*"

The Departments shall schedule and conduct Debriefing meetings that have been properly requested, within fifteen (15) days of the Departments' receipt of a request. The Debriefing meeting must not include or allow any information concerning other proposals, nor should the identity of the evaluators be released. The Debriefing process shall not be used to change, alter, or modify the outcome of a competitive procurement. More detailed information about requesting a Debriefing may be obtained from the Official Contact.
8. **Appeal Process.** Any time after the submission due date, but **not later than thirty (30) days** after the Departments notify respondents about the outcome of the competitive procurement, respondents may submit an Appeal. The e-mail sent date or the postmark date on the notification envelope will be considered "day one" of the thirty (30) days. Respondents may appeal any aspect of the competitive procurement; however, such Appeal must be in writing and must set forth facts or evidence in sufficient and convincing detail for the Departments to determine whether during any aspect of the competitive procurement there was a failure to comply with the State's statutes, regulations or standards concerning competitive procurement or the provisions of the RFP. Any such Appeal must be submitted to the Commissioner of the Department of Social Services with a copy to the Official Contact. The respondent must include the basis for the Appeal and the remedy requested. The filing of an Appeal shall not be deemed sufficient reason to delay, suspend, cancel or terminate the procurement process or execution of a contract. More detailed information about filing an Appeal may be obtained from the Official Contact.
9. **Contest of Solicitation or Award.** Pursuant to Section 4e-36 of the Connecticut General Statutes, "Any bidder or proposer on a state contract may contest the solicitation or award of a contract to a subcommittee of the State Contracting Standards Board..." More detailed information is available on the State Contracting Standards Board web site at <http://www.ct.gov/scsb/site/default.asp>.
10. **Contract Execution.** Any contract developed and executed as a result of this RFP is subject to the Departments' contracting procedures, which may include approval by the Office of the Attorney General.

- 1. Collusion.** The respondent represents and warrants that it did not participate in any part of the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance. The respondent further represents and warrants that no agent, representative, or employee of the State participated directly in the preparation of the respondent's proposal. The respondent also represents and warrants that the submitted proposal is in all respects fair and is made without collusion or fraud.
- 2. State Officials and Employees.** The respondent certifies that no elected or appointed official or employee of the State has or will benefit financially or materially from any contract resulting from this RFP. The State may terminate a resulting contract if it is determined that gratuities of any kind were either offered or received by any of the aforementioned officials or employees from the respondent, contractor, or its agents or employees.

3. **Competitors.** The respondent assures that the submitted proposal is not made in connection with any competing organization or competitor submitting a separate proposal in response to this RFP. No attempt has been made, or will be made, by the respondent to induce any other organization or competitor to submit, or not submit, a proposal for the purpose of restricting competition. The respondent further assures that the proposed costs have been arrived at independently, without consultation, communication, or agreement with any other organization or competitor for the purpose of restricting competition. Nor has the respondent knowingly disclosed the proposed costs on a prior basis, either directly or indirectly, to any other organization or competitor.
4. **Validity of Proposal.** The respondent certifies that the proposal represents a valid and binding offer to provide services in accordance with the terms and provisions described in this RFP and any amendments or addenda hereto. The submission shall remain valid for a period of 180 days after the submission due date and may be extended beyond that time by mutual agreement. At their sole discretion, the Departments may include the proposal, by reference or otherwise, into any contract with the successful respondent.
5. **Press Releases.** The respondent agrees to obtain prior written consent and approval of the Departments for press releases that relate in any manner to this RFP or any resulting contract.

■ C. TERMS AND CONDITIONS

By submitting a proposal in response to this RFP, a respondent implicitly agrees to comply with the following terms and conditions:

2. **Preparation Expenses.** The State shall not assume any liability for expenses incurred by a respondent in preparing, submitting, or clarifying any proposal submitted in response to this RFP. Reasonable pre-development costs incurred by a respondent selected for Component 2 funding will be considered for funding after DECD application approval.
3. **Exclusion of Taxes.** The State is exempt from the payment of excise and sales taxes imposed by the federal government and the State. Respondents are liable for any other applicable taxes.
4. **Proposed Costs.** No cost submissions that are contingent upon a State action will be accepted. All proposed costs must be fixed through the entire term of the contract.
5. **Changes to Proposal.** No additions or changes to the original proposal will be allowed after submission. While changes are not permitted, the Departments may request and authorize respondents to submit written clarification of their proposals, in a manner or format prescribed by the Departments, and at the respondent's expense.

6. **Supplemental Information.** Supplemental information will not be considered after the deadline for submission of proposals, unless specifically requested. A respondent may be asked to give demonstrations, interviews, oral presentations or further explanations to clarify information contained in a proposal. Any such demonstration, interview, or oral presentation will be at a time selected and in a place provided by the Departments. At their sole discretion, the Departments may limit the number of respondents invited to make such a demonstration, interview, or oral presentation and may limit the number of attendees per respondent.
7. **Presentation of Supporting Evidence.** If requested, a respondent must be prepared to present evidence of experience, ability, data reporting capabilities, financial standing, or other information necessary to satisfactorily meet the requirements set forth or implied in this RFP. The contract document will represent the entire agreement between the respondent and the State and will supersede all prior negotiations, representations or agreements, alleged or made, between the parties. The State shall assume no liability for costs incurred by the respondent or for payment of services under the terms of the contract until the successful respondent is notified that the contract has been accepted and approved by the Departments and, if required, by the Attorney General's Office.

■ D. RIGHTS RESERVED TO THE STATE

By submitting a proposal in response to this RFP, a respondent implicitly accepts that the following rights are reserved to the State:

1. **Timing Sequence.** The timing and sequence of events associated with this RFP shall ultimately be determined by the State.
2. **Amending or Canceling RFP.** The State reserves the right to amend or cancel this RFP on any date and at any time, if the State deems it to be necessary, appropriate, or otherwise in its best interests.
3. **No Acceptable Proposals.** In the event that no acceptable proposals are submitted in response to this RFP, the Departments may reopen the procurement process, if it is determined to be in the best interests of the State.
4. **Offer and Rejection of Proposals.** The Departments reserve the right to offer in part, and/or to reject any and all proposals in whole or in part, for misrepresentation or if the proposal limits or modifies any of the terms, conditions, or specifications of this RFP. The Departments reserve the right to reject the proposal of any respondent who submits a proposal after the submission due date and time.

5. **Sole Property of the State.** All proposals submitted in response to this RFP are to be the sole property of the State. Any product, whether acceptable or unacceptable, developed under a contract offered as a result of this RFP shall be the sole property of the State, unless stated otherwise in this RFP or subsequent contract. 7. **Clerical Errors in Offer.** The State reserves the right to correct inaccurate offers resulting from its clerical errors. This may include, in extreme circumstances, revoking the offering of the right to negotiate a contract already made to a respondent and subsequently offering the right to negotiate a contract to another respondent. Such action on the part of the State shall not constitute a breach of contract on the part of the State since the contract with the initial respondent is deemed to be void *ab initio* and of no effect as if no contract ever existed between the State and the respondent.
8. **Key Personnel.** When the State is the sole funder of a purchased service, the State reserves the right to approve any additions, deletions, or changes in key personnel, with the exception of key personnel who have terminated employment. The State also reserves the right to approve replacements for key personnel who have terminated employment. The State has no obligation to initiate, prosecute, or defend any legal proceeding or to seek a protective order or other similar relief to prevent disclosure of any information pursuant to a FOIA request. The respondent has the burden of establishing the availability of any FOIA exemption in any proceeding where it is an issue. While a respondent may claim an exemption to the State's FOIA, the final administrative authority to release or exempt any or all material so identified rests with the State. In no event shall the State or any of its employees have any liability for disclosure of documents or information in the possession of the State and which the State or its employees believe(s) to be required pursuant to the FOIA or other requirements of law.

III. PROGRAM INFORMATION

■ A. DEPARTMENT OF SOCIAL SERVICES OVERVIEW

The Department of Social Services delivers a broad variety of services to children, families, adults, people with disabilities, and the elderly, including health care coverage, child care, child support enforcement, independent living services, energy assistance, food and nutrition aid, and program grants. DSS administers more than 90 legislatively authorized programs and one third of the State budget, currently serving more than 700,000 individuals in nearly 450,000 households (June 2012 data).

By statute, DSS is the State agency responsible for administering a number of programs under federal legislation, including the Food and Nutrition Act of 2008 and the Social Security Act. The Department is also designated as a public housing agency for the purpose of administering the Section 8 program under the federal Housing Act.

The Department is headed by the Commissioner of Social Services and there are two Deputy Commissioners -- a Deputy Commissioner for Programs and a Deputy Commissioner for Health Services, Finance, and Administration. The Department administers most of its programs through 12 field offices throughout the State, with central administrative offices located in Hartford. In addition, many services funded by the Department are available through community-based agencies. The Department has out-stationed employees at hospitals to expedite Medicaid/HUSKY applications, and also works with community service providers to facilitate program applications.

Attached to the Department for administrative purposes only are the Department of Rehabilitative Services, encompassing vocational rehabilitation services, services for the blind and visually-impaired, services for the deaf and hearing-impaired, and disability determination services; and the Child Day Care Council.

Department Mission

The Connecticut Department of Social Services provides a continuum of core services to:

- Meet basic needs of food, shelter, economic support, and health care
- Promote and support the choice to live with dignity in one's own home and community
- Promote and support the achievement of economic viability in the workforce

We gain strength from our diverse environment to promote equal access to all Department programs and services.

■ B. DEPARTMENT OF ECONOMIC AND COMMUNITY DEVELOPMENT OVERVIEW

The Department of Economic and Community Development is the State's lead agency responsible for strengthening Connecticut's competitive position in the new high-tech, knowledge-based global economy. The agency takes a comprehensive approach to economic development that incorporates housing and community development, as well as culture and tourism.

The Department of Economic and Community Development devises and implements strategies that help businesses grow and succeed; revitalize communities and neighborhoods; ensure quality housing; and promote tourist attractions, the arts, and historic preservation. Specifically, DECD:

- Supports existing businesses and attracts new businesses and jobs with a wide range of programs and services to help companies prosper;
- Promotes Connecticut industries and businesses here at home, throughout the country, and across the globe;
- Strengthens Connecticut's communities by promoting affordable housing opportunities and providing funding and technical support for local community and economic development projects;
- Works to make tourism a leading economic contributor and a source of pride for Connecticut;
- Develops and strengthens the arts in Connecticut and making artistic experiences widely available to residents and visitors; and
- Helps to eliminate brownfield properties by promoting smart growth principles, strengthening public-private partnerships, and providing a one-stop resource for expertise.

■ C. MONEY FOLLOWS THE PERSON DEMONSTRATION PROJECT OVERVIEW

The Money Follows the Person (MFP) Rebalancing Demonstration, authorized by Section 6071 of the federal Deficit Reduction Act of 2005 (P.L. 109-171), was designed to assist states to balance their long-term care systems and help Medicaid enrollees transition from institutions to the community. Congress initially authorized up to \$1.75 billion through Federal Fiscal Year (FFY) 2011. With the subsequent passage of the federal Patient Protection and Affordable Care Act (P.L. 111-148) in 2010, Section 2403 extended the project through September 30, 2016. An additional \$2.25 billion in federal funds were appropriated through FFY 2016. Grant funds awarded in 2016 can be used through FFY 2020. The MFP Rebalancing Demonstration Project supports state efforts to rebalance their long-term support systems so that individuals have a choice of where they live and receive services.

The State of Connecticut is committed to creating a more efficient and effective Long Term Services and Supports (LTSS) system aligned with the principles of choice, autonomy, and dignity. The envisioned system will allow Medicaid recipients who need LTSS to choose whether they want to receive these services in a nursing facility or in a community setting. In order to attain the vision of enhanced quality of life and increased choice for individuals across all disabilities to live, work, and age within their own communities, the concept of a town-based LTSS compendium was developed. Honoring the autonomy and local governance authority of the towns within Connecticut, the individually-tailored, town-based approach to LTSS will provide choices ranging from various types of supportive housing options to care provided in a nursing facility. These options will reflect the preferences of the persons they are designed to serve and support a seamless transition from hospital to short-term rehabilitation and back into the community.

■ D. STRATEGIC REBALANCING PLAN

Connecticut Public Act 11-242, § 83 and 84 require the Commissioner of Social Services to develop a strategic plan, consistent with the long-term care plan established pursuant to Section 17b-337 of the Connecticut General Statutes (C.G.S.), to rebalance Medicaid long-term services and supports, including, but not limited to those services and supports provided in home, community-based, and institutional settings. The Commissioner must include providers from all three settings in the development of the plan.

The act permits the Commissioner of Social Services to contract with nursing facilities, as defined in Section 17b-357 C.G.S., and home and community-based providers to carry out the strategic plan. It also permits the Commissioner to revise a rate paid to a nursing facility pursuant to Section 17b-340 C.G.S. to carry out the plan. The act authorizes the Commissioner to fund plan initiatives with federal grants available under the Money Follows the Person Demonstration project and the State Balancing Incentive Payment Program under the Patient Protection and Affordable Care Act (P.L. 111-148).

1. Goal

The overarching goal of this Request for Proposals is to help the State of Connecticut rebalance its Medicaid Long Term Services and Supports between services received in the community and services received in nursing facilities, to reflect the choice and desires of the individuals receiving those services and supports. More and more Medicaid recipients are choosing to receive their services in the community, causing an excess of nursing facility beds statewide. The intent is to alleviate confusion, chaos, and disorder in the manner in which nursing facility beds are removed from the system. A thoughtful approach, allowing facilities to change their focus and business model to incorporate community-based services will be less stressful to nursing facility residents, nursing facility staff, nursing facility owners, the State, and Medicaid recipients.

For years, the system has inadvertently supported a bias toward nursing facility care rather than care in the community for Medicaid recipients who need LTSS even though individuals overwhelmingly would prefer to receive LTSS in their homes in the community. This bias has led to a large number of nursing facility beds in our state. Now that the federal and state governments are supporting LTSS in the community for Medicaid recipients, Connecticut has an excess number of nursing facility beds. This RFP provides an opportunity for nursing facilities in Connecticut to redesign their business models to reflect this change.

Proposals must demonstrate the respondent's commitment to culture change, person-centered planning, and existing relationships with stakeholders in the community including but not limited to town governance, town residents, nonprofit entities, home and community-based services (HCBS) providers, people with disabilities, and elders.

2. Objectives

The respondent must focus its proposal on the following objectives:

- a. Provide choice to Medicaid recipients in where they receive their LTSS;
- b. Build capacity for LTSS in the community based on projected need; and
- c. Decrease the number of nursing facility beds in an orderly fashion in locations that currently have or are projected to have a surplus of beds.

3. Purpose

The purpose of this Request for Proposals is to seek proposals from nursing facilities licensed by the State of Connecticut, Department of Public Health who are interested in diversifying or establishing a new business model to support Medicaid recipients who need Long Term Services and Supports to live in the community. Proposals must align with the State's [Strategic Rebalancing Plan: A Plan to Rebalance Long Term Services and Supports 2013-2015](#), embedded as a hyperlink, assure informed choice to residents living in the facility, and contribute to reducing the total number of nursing facility beds statewide. Respondents are encouraged and expected to develop relationships and partner with stakeholders in the community including but not limited to town governance, town residents, nonprofit entities, home and community-based services (HCBS) providers, people with disabilities, and elders.

The submission of multiple proposals for one nursing facility site for the same component is not an option with this procurement. However, a respondent may submit proposals for more than one nursing facility site. Each proposal must be self-contained and packaged separately, and demonstrate the respondent's capacity to successfully complete multiple projects.

4. Ineligible Activities

Funding available under this RFP may ***not*** be used for:

- a. Institutional care including partial conversion or new construction of a short-term rehabilitation center;
- b. Conversion to a greenhouse model;
- c. New construction or substantial rehabilitation of rental housing including but not limited to assisted living or congregate housing;
- d. Full or partial conversion of a nursing facility into any form of housing;
- e. Site acquisition;
- f. Relocation of any business or occupied housing units;
- g. Furniture and equipment costs that are not integral to services provided directly to clients.

If the respondent is contemplating community housing other than Adult Family Living, see the DECD web site at

<http://www.ct.gov/ecd/cwp/view.asp?a=1098&Q=524158&PM=1>.

5. Eligible Activities

- a. **Component 1.** DSS has up to \$3 million in MFP funds available per State Fiscal Year. Funds may not be used for capital improvements, but may be used for accessibility modifications. Examples of acceptable uses include but are not limited to:
- i. Technical assistance and consulting;
 - ii. Infrastructure costs associated with diversifying or establishing a new business model that supports individuals on Medicaid who need Long Term Services and Supports (LTSS) to live in the community;
 - iii. Infrastructure costs associated with information technology;
 - iv. Legal fees for establishing a separate home health agency structure and other start-up costs;
 - v. Fees for becoming a certified adult day center, a home health agency or a homemaker companion agency;
 - vi. Licensure costs;
 - vii. Training and professional development;
 - viii. Community market research;
 - ix. Outreach activities;
 - x. Print materials for adult day center, adult family living home, home health agency or homemaker companion agency;

- b. **Component 2.** DECD has up to \$10 million of capital financing available for the following eligible projects:

 - ii. New construction and/or rehabilitation, renovation or conversion including additions, demolition, remediation or removal of hazardous materials, paving and other site improvements and reasonable soft costs to support the construction/rehabilitation of an Adult Family Living Home(s).

State bond funds will be provided in the form of a grant or loan. It is anticipated that DECD will require the filing of a restrictive covenant on the land records to ensure that the property is used consistent with the purposes for which capital funds are provided. The length of the restrictive covenant will be commensurate with the proportion of State funding to the total development cost.

6. Readiness to Proceed

The Departments expect to select proposals at two levels of readiness to proceed.

Level A funding is intended for nursing facilities that have already researched and developed a viable concept with a business plan for sustainability. Level A funding may be provided for one or both components. Nursing facilities that request Level A funding must demonstrate: a) a commitment to culture change and person-centered planning; b) a fully-developed concept with a business plan for sustainability; and c) existing relationships with community stakeholders.

Level B funding is intended for nursing facilities that have not already developed a business plan. Level B funding will be based on viability of concept and will provide funding to fully develop the concept or other requirements to meet Level A criteria. Level B funding is not available for Component 2.

Proposals for Level A funding will be evaluated separately from proposals for Level B funding.

■ E. MAIN PROPOSAL

If the respondent is submitting a proposal for Component 1 only (no capital improvements), the respondent must provide all the information requested in Sections III.E and III.F of this RFP. 2. Service Requirements (Page Limit: 20 pages total)

The Departments will consider any proposed business model that will contribute both to increasing the capacity of long term services and supports in the community, as well as reducing the total number of nursing facility beds statewide. Respondents are encouraged to be innovative and creative in their proposals.

The State acknowledges that the vision of local LTSS compendiums includes new models of institutional care. These institutional settings will reflect a stronger culture of person-centered care than is currently the norm in Connecticut. While different nursing facility models of care are an important consideration, the strategic priority for this RFP is the development of community-based LTSS.

Examples of acceptable projects include, but are not limited to the following.

- Converting a portion of a nursing facility into an adult day center.
- Converting a portion of a nursing facility into a business office to operate a Home and Community-Based Services agency such as a Home Health Agency.
- Making building code modifications, accessibility modifications, and other necessary and reasonable upgrades to a house purchased by a nursing facility to be used as an Adult Family Living Home. The funding available through this RFP may not be used to purchase the house. Adult Family Living Homes must provide housing for Medicaid recipients whose incomes do not exceed \$2,130.00, or people with disabilities and elders in the community whose incomes do not exceed 50% of the Area Median Income (AMI) adjusted for family size. More information about the Area Median Income (AMI) is available on the DECD web site at <http://www.ct.gov/ecd/cwp/view.asp?a=1098&Q=524158&PM=1>. As determined by HUD, housing (including utilities) is considered affordable when a family pays no more than 30% of its adjusted monthly income for rent.

- Supporting a nursing facility working in collaboration with community stakeholders to build a town-based compendium consistent with the State's strategic plan.
- Using the nursing facility as part of the town's emergency back-up and/or expanded respite system.
- Developing capacity to provide community-based services through diversification of nursing facility services including, but not limited to physical, occupational or speech therapy; home health; personal care; home-delivered meals; respite; transportation; adult day; etc.
- Developing a transitional program that supports the movement of individuals from a variety of institutional settings into the community. Transitional programs may be developed through a community entity and must be time-limited to no more than 180 days pre-transition, in accordance with Medicaid requirements.
- Developing a training program within a nursing facility including training and support for caregivers, and medication management and self-administration.
- Developing an emergency back-up staff support service, which could be integrated into an individual's community care plan.
- Developing a substance abuse and addiction transition program.
- Developing an independent living skills program with employment as the end goal if appropriate.
- Partnering with the U.S. and/or Connecticut Department of Veterans Affairs to provide LTSS commonly needed by veterans who are Medicaid recipients.

A responsive proposal must include the following information about how the respondent shall, directly or indirectly through subcontractors, diversify or establish a new business model to support Medicaid recipients who need Long Term Services and Supports (LTSS) to live in the community.

- Target Population.* The population to be served is Medicaid recipients who need LTSS to live in the community. Any new business entity established by the respondent as a result of this RFP must enroll as a Medicaid provider.
- Catchment Area.* Identify the cities and towns to be served.

Provide documentation to support the need for the proposed business model changes within the proposed catchment area. Cite sources used to obtain data such as a federal governmental agency data set or other recognized authoritative source.
- Location of Offices/Facilities/Hours of Operation.* Specify the location of all proposed direct client service sites, hours of operation, and services to be provided at each site.
